I wish to make a submission on the proposal for the establishment of the Tawharanui Marine Reserve. I understand that my comments are due by Friday 31 March 2003 – **NOTE: This date has been extended**

1. I support/oppose (cross out one) the formation of the Tawharanui Marine Reserve for the following reasons

2. The boundary option I prefer is:

a) existing marine park boundary for these reasons:

b) the proposed marine reserve boundary described for these reasons

c) another boundary (please draw on map) for these reasons

Include any other issues or concerns you may have here or on a separate piece of paper.

Many thanks for your time – we appreciate your thoughts.
